

Oggie Leness

February 25th,2022

6-3

If I am selected for Fessy con I will make sure that my project stands out from everyone else. I am Oggie Leness and I am reading the Lord of the Rings. My project would be a board Game and you would race across the board to get and to destroy the ring and whoever gets there first would get the ring and get to destroy it and win the Game.

My project deserves a spot at fessycon because it will be different from all of the other projects that would be on display. I know that it would be different because I don't know any other sixth grader who is reading the Lord of the Rings and that way it would make my project special.

Day to Day Plan

Day 1-3 make ring and sketch out game design

Day 3-6 make board game

Day 6-7 finish project
